Comment. On the basis of previous reports by refugees, a tank regiment of the 17th Cds Fecz Div is believed to be stationed in Koermend. The present report fails to state that tanks were actually in Koermend, but a previous report stated that three trainloads of tanks arrived at the post in the fall of 1950.

The numerous present report definitely confirm the presence of component units of the 17th Cds Mecz Div in Koermend.
